Our Buyers Guide+ Addendum

New Products

Over the past year our catalog of products have expanded prompting us to create this Buyers Guide+ Addendum, a compilation of all the new items we've added. This addendum catalog should be used in concert with our 7th Edition Buyers Guide. In the near future a new, comprehensive Buyers Guide will be released. Keep a watch out for information on its release date.

Of course, you can always utilize our Justin Blair website to see all our products within our B2B e-commerce site. Navigate to justinblairco.com to start now.

Inside are select products from the following brands that have been added to our selection of products. If you do not see a product you need in this guide please reference our 7th Edition Buyers Guide, it will probably be located there.

Washable and re-usable pads, each pad can be used over and over again. 4 different size choices ensures a comfortable fit. All Gel makes pads not get too tight and extra cushioning and comfort. For use in all styles of footwear.

Item: 39148

Adjust-A-Lift Heel Lift

Effective solution to leg discrepancies, heel spurs, Achilles tendonitis and related conditions. Use "as is" for 3/8" build-up or peel off individual layers for desired thickness.

The Adjust-A-Lift® Heel Lift is a very high quality, versatile item that is helpful in treating a wide range of symptoms arising from the effects of leg length inequality. Low back pain, hip pain and knee pain are some of the more common conditions associated with leg length deficiencies. Adjust-A-Lift® Heel Lift has also proved effective in the treatment of some foot and ankle conditions such as plantar fasciitis, heel spurs and Achilles tendonitis.

The Adjust-A-Lift® Heel Lift is made with three layers of extra firm, open cell foam rubber, each 1/8 inch thick, held together with double-sided adhesive. This combination results in only three sizes being needed because the layers can be removed to accommodate the height required up to approximately ½ inch. A top covering of suede leather completes the lift.

Spenco Polysorb Cross Trainer

The Spenco® Polysorb Cross Trainer Insole offers the best combination of shock absorption and energy return in the Spenco line. Ideal for athletes or anybody looking for additional cushioning in the forefoot or heel, this insole works best in athletic, tennis, basketball, and training shoes with removeable insoles. Effective enough to use in all team sport competitions and training, the Spenco Polysorb Cross Trainer offers high energy return for improved athletic performance. Made with Spencore, a lightweight material that absorbs shock and impact, this insole provides intense comfort and cushioning. Polysorb polyurethane foam provides arch and heel support while a Spencore heel plug provides extra cushioning and shock absorption. An SBR forefoot cushion provides superior cushioning and energy return for high impact sports. The top layer is made with a 4-way stretch fabric that prevents blisters while controlling odor with Silpure antimicrobial technology

Spenco Total Support

Choose Spenco® Total Support Original Insoles for moderate physical activities and most sports. Most rigid replacement insoles offer some motion control and stability but that's where the similarities end. Total Support Insoles feature Spenco's patented 3-POD Modulation System: by positioning pods with varying degrees of hardness beneath key areas of the foot, Total Support Insoles change the ground forces reaching the foot during activity. This tunes the ride for increased performance and superior comfort while helping to reduce overpronation—a common problem that causes foot, leg, and back pain. Total Support Technology aids in the relief of symptoms caused by Plantar Fasciitis.

Spenco Performance Gel Heel Cup

Spenco® Gel Heel Cups offer deep cupping and gel cushioning to reduce heel pain. With contoured cushioning around the heel area, Gel Heel Cups can alleviate pain from heel spurs or bruises, and general heel discomfort. Ideal for daily wear in any casual, work, or walking shoe, Gel Heel Cups combine Thermoplastic Rubber with an anatomical cushioning system for ultimate comfort. Thermoplastic Rubber provides superior cushioning and energy return while the anatomical cushioning system has dual density gels to absorb impact and shock where the heel needs it the most. To use Spenco Gel Heel Cups, simply place them against the inside heel area of your shoes. For the best fit, unlace your shoes entirely to allow for maximum room to correctly position your feet in the heel cups. Tighten laces after your foot is comfortably in place. Hand wash and air dry as needed.

Spenco Full Length Orthotic Insole

The Spenco® RX Orthotic Arch Supports help control, stabilize, and balance the foot. The full-length design provides heel-to-toe comfort. This insole provides firm arch support to reduce pronation and supination for improved stability. Ideal for use in casual and athletic shoes, including boots, the Spenco RX Orthotic Arch Supports come in a variety of sizes for correct arch placement to improve overall fit and comfort. Spencore material offers a cushioning layer that absorbs shock and impact while providing additional comfort. A 4-way stretch fabric with antimicrobial technology helps prevent blisters as it controls odor. Flexible plastic allows you to mold the insole to fit your foot for the perfect fit.

Lock Laces

LOCK LACES® are the original "no-tie shoelaces". Installation is simple: lace your shoes with your new Lock Laces®, thread the ends of the laces through the patented double eyelet lock and slide the lock to the tongue of the shoe, then trim the excess lace with a pair of scissors, and snap on the cord clips! With LOCK LACES®, you can easily slip your shoes on and off– no more tying! If you'd like to tighten or loosen your laces, simply adjust the locking device for adjustable tension. Just give them a pull and go!

SHOE CARE

Best Seller

Bear Grease

The premium petroleum base found in Bear Grease Leather Conditioner acts as a neutral cleansing, waterproofing and restorative agent that provides a durable surface finish after each application. 3.5oz Tin. The Bear Grease brand* is special in it's approach to caring for a wide variety of leathers, owing to a unique blending of petroleum and natural waxes that extends the level of leather protection, as well as the amount of time between applications. Unlike many leather dressings, Bear Grease does not completely soak through leather- the leather can still breathe, while moisture can't easily penetrate the leather.

Item: 39043

Sno-Seal Waterproofing

Sno-Seal Original Beeswax Waterproofing protects leather from rain, sun, snow, and salt. Sno-Seal is also great for waxed cotton and tent seams. The beeswax formula dries to a solid wax that "stays put" in the surface of the leather so it lasts longer. Our competitors' greases, oil, and animal products are able to migrate through the leather till they clog all the pores. These waterproofing products fill the natural spaces that are supposed to absorb perspiration and insulate. 7oz Tub

Item: 32030

Sno-Seal Waterproofing

Sno-Seal Original Beeswax Waterproofing protects leather from rain, sun, snow, and salt. Sno-Seal is also great for waxed cotton and tent seams. The beeswax formula dries to a solid wax that "stays put" in the surface of the leather so it lasts longer. Our competitors' greases, oil, and animal products are able to migrate through the leather till they clog all the pores. These waterproofing products fill the natural spaces that are supposed to absorb perspiration and insulate. 3.5oz Tube, blister packaged.

Item: 39021

Sno-Seal Silicone Water-Guard

Silicone water-guard for leather and fabric footwear. Silicone Water-Guard is suitable for outerwear, footwear, tents, sleeping bags, and suede. The silicone is specially formulated to apply maximum repellency in a single application. It restores factory waterproofing but still allows materials to breathe. It repels water and stains. 10.5fl oz spray.

Item: 39020

Bick 5 Complete Leather Care

Bickmore's Bick 5 leather cleaner is the perfect complete solution for all of your equestrian and household leather goods. A time tested formula is the perfect leather repair product that stays where you apply it. Simply spray on Bick 5 over the area needed and rub it in using a clean cloth. Unlike most complete leather care products Bick 5 is guaranteed to leave no trace of sticky residue after use. One of the only spray on leather lotions on the market, Bick 5's adjustable spray cap helps you better repair your leather products. 16oz

Item: 39066

Bick 1 Leather Cleaner

Bickmore Bick 1 Leather Cleaner is an aggressive cleaner that is formulated to quickly remove surface dirt, grime, sweat, and salt from smooth finished leathers. Bick 1 is safe on all properly tanned leathers and colors including white. 8oz

Item: 39064

Bick 4 Leather Conditioner

Bickmore Bick 4 Leather Conditioner is essential for maintaining all types of smooth finished leather. It is perfect for leather boots, shoes, handbags, car interiors, equestrian tack, and more Unlike most leather conditioners, Bick 4 Leather Conditioner will NOT darken your leather. It's ideal for restoring old, worn leathers to their original shine, and keeping your new leather products in the same shade that you bought them. Unlike other brands, Bick 4 is a completely wax-free product. This ensures that the leather pores will not seal up, keeping your leather soft and breathable. It will not leave any sticky or gummy residue. MADE IN THE USA 8oz

Item: 39065

10 Seconds Foaming Cleaner

Cleaner cleans leather, rubber, canvas, and synthetics. The foaming action quickly lifts stains to the surface for easy cleaning. 9oz aerosol.

Apple Suede & Nubuck Cleaner

Cleans most oil and water based stains from suede, nubuck, roughout and fabric! Won't cause discoloration or leave residue when used as directed. Balanced formula preserves the natural composition of suede and nubuck. 4oz

Item: 39091

Apple Leather Cleaner

Quickly removes most soil, grease and food stains without leaving a ring or residue. Removes dirt and grim from leather that was not pretreated. Follow-up with Leather Care to rehydrate the leather by reintroducing the emollients that have been lost due to cleaning, use and time. 4oz

Item: 39082

Apple Leather Care Kit

KEEPS LEATHER LIKE NEW: Cleans and conditions all types of leather, including luxury leathers like vachetta and all varieties of exotics. Regular use will keep your bags and shoes free of dust, dirt, and stains. Our conditioner replenishes the natural oils found in leather and prevents drying, cracking, scratching, and splitting. Not for use on suede & nubuck leathers.

SAFE FOR ALL COLORS: Our leather care products do not darken or alter the color of leather, allowing for safe use across all your leather goods! You shouldn't have to sacrifice the shade of your leather to keep it in good shape and with Apple Brand products you don't have to!

TRUSTED BY THE PROFESSIONALS: Apple Brand has been recommended time and time again by some of the biggest names in fashion. If you have high end leather to clean and condition, Apple Brand is the trusted choice.

SHOE CARE

Cadillac Sandal Life

Cadillac Sandal Life Kit helps keep sandals and most outdoor athletic shoes sneakers clean, fresh, and smelling like new. Kit includes one 4oz bottle of concentrated deodorizing cleaner and stiff bristle cleaning brush scrubber. Specially formulated to penetrate and remove dirt, oils, and sweat stains. Destroys odor caused by perspiration, oils and dead skin particles while cleansing the sandal of dirt, grime, etc. Works on sandals and outdoor shoes made from rubber, neoprene, nylon, fabric, and leather.

Item: 39087

Cadillac Rubber Renew

Cadillac Rubber Renew protects and conditions your favorite rubber, plastic, neoprene, or vinyl boots and accessories. Cadillac Rubber Renew's special wax free formula removes surface dirt, provides water resistance, and restores original shine, all without leaving any waxy residue. Blooming occurs when insoluble particles in rubber come to the surface, resulting in a white powdery residue. Cadillac Rubber Renew's special formula targets these particles, removing them from the surface and preventing future blooming. Cadillac Rubber Renew is great for restoring old rubber boots and other items to their original color and shine. With regular use, your boots will continue to look like new.

Item: 39081

Cadillac Leather Vinyl & Patent Cleaner

Cadillac Leather Cleaner is the perfect leather care product for removing tough stains on all kinds of leather goods including furniture, boots, shoes, handbags, wallets, car interiors, and more. Pure Polish

All Natural Brand

Pure Polish Products is a natural brand of leather care and shoe polish products. Founded as an eco-friendly response to the premium leather care market, Pure Polish has grown to become a trusted solution by shoe shiners, leather goods makers, cobblers, patina artists, and leather goods brands all around the world.

Cream Polish

Ingredients: Coconut Oil, Beeswax, Orange Oil, Caranuba Wax, Candelilla Wax, Earth & Mineral Pigment, Mixed Tocopherols

Cream Polish is an "everyday" polish that maintains color, protects against scuffing, keeps the leather nourished with each wear, and offers a nice smooth shine. It's made with natural fruit & nut oils, carnauba wax, candelilla wax, beeswax, and earth pigments. 2oz jar, 12 colors.

Water Resistant Cream Polish

Ingredients: Coconut Oil, Beeswax, Orange Oil, Bentonite Clay, Caranuba Wax, Candelilla Wax, Earth & Mineral Pigment, Mixed Tocopherols

The Water Resistant Cream is great for boots or shoes that expect to get exposed to the elements: water, and sun. It offers additional protection over Cream Polish with clay that helps prevent water from penetrating the surface, while still allowing the leather to breathe. It is also a favorite of shell cordovan users around the world. 2oz jar, 8 colors.

Paste/Wax Polish

Ingredients: Coconut Oil, Beeswax, Orange Oil, Caranuba Wax, Candelilla Wax, Earth & Mineral Pigment, Mixed Tocopherols

This all natural polish uses a combination of stiff waxes for protection and shine of structured non-flexing leather areas: usually the toes and heels of shoes and boots. Paste/Wax Polish offers additional depth to color. Match the original leather color or combine colors for burnishing or lensing, or use neutral for protection and shine. Paste/Wax Polish protects against typical toe/heel scuffing, and buffs to a range of shines from medium to high shine. 2oz tin, 9 colors.

Leather Cleaner & Conditioner

Ingredients: Coconut Oil, Beeswax, Orange Oil, Mixed Tocopherols

Leather Cleaner & Conditioner is a dual-action product designed to increase the life of all your smooth leather goods. It's made with a perfect blend of three all-natural ingredients: orange oil, coconut oil, and beeswax. The orange oil picks up dirt, grime, and old waxes, while the coconut oil keeps the leather soft, to help prevent cracking. The beeswax offers a soft protective layer and warm glow shine. 4oz jar.

High Shine Wax Polish

Ingredients: Beeswax, Orange Oil, Caranuba Wax, Candelilla Wax, Mixed Tocopherols

High Shine Wax Polish is designed for the maximum possible shine, using the stiffest natural wax in the world (carnauba wax). High Shine is made in neutral/clear, as it's designed to compliment other layers of products, or augment the underlying natural patina of the leather. 2oz tin.

Shell Cordovan Cream

Ingredients: Coconut Oil, Beeswax, Orange Oil, Mixed Tocopherols

Designed specifically for extending the life of shell cordovan. This is an "everyday" care cream, that will keep shell cordovan soft, supple, nourished, smooth, and lightly protected - without impeding the natural patina or aging process. It's easy to use, with smooth spread, quick absorption, and no residue to build up and remain on the surface. 2oz jar.

SKIN CARE

Best Seller

Derma tonics

Founded by Skincare Experts

Since 2008, Dermatonics has been driven by a passion for skincare innovation. Their experts are committed to crafting top-quality dermatological products that harness the power of nature.

Fast Acting Formulas

The Dermatonics line is proven to provide visible results in as little as one day. Whether it's dermatitis, eczema, psoriasis, or other dry skin conditions, the products have been medically proven to provide noticeable results within 24 hours.

Nature-Inspired Ingredients

Dermatonics believes in the potency of natural ingredients. Their product line is meticulously formulated with a range of carefully chosen nature-led ingredients from around the world, including New Zealand Manuka Honey, Finnish colloidal oatmeal, peppermint, arnica, shea butter, and more.

Gentle and Inclusive Skincare

This skincare range is suitable for various lifestyles and skin conditions. Whether your customers are vegetarian, vegan, or managing diabetes, the `products are crafted with your needs in mind.

Deodorizing Fizzy Foot Foam

Instantly cools, deodorizes and refreshes hot and tired feet. Producing a unique fizzing sensation to revive the skin, as well as featuring menthol and New Zealand Manuka Honey

150mL
Item: 14613

Dry Skin Cream

Provides intense moisturizing for feet, legs and body—containing 10% urea, as well as olive and papaya juice to quench and nourish dry skin. 10% UREA 200mL
Item: 14611

Heel Balm with Manuka Honey

Heel Balm with New Zealand Manuka Honey hydrates and draws moisture to the skin, making it ideal for people with very dry feet. It absorbs quickly, with a pleasant scent and provides visible results in one day. 25% UREA

Size	Item
70mL	14604
125mL	14605

Soothing Foot Cream

Perfume-free and containing colloidal oatmeal to relieve dry and itchy feet, while being kind to sensitive skin. 10% UREA

Size	Item
70mL	14606
125mL	14607

Hard Skin Removing Balm

With a blend of sweet blossom aromas, Hard Skin Removing Balm delivers a wonderful scent—with moisturizing shea butter and hydrating Swedish oat lipids also working to give visible results in 24 hours. 10% UREA

Size	Item
70mL	14608
125mL	14609

Ultra-Cool Foot Gel

Perfect relief for hot, tired feet and legs! The Ultra-Cool Foot Gel uses chestnut, arnica and peppermint to give a refreshing blast to cool and reduce odor simultaneously. 70mL

Item: 14610

AIRGO 15" Boot (Drop Ship Only)

Ultra Lightweight EVA Low Knee Boot is Built for Comfort and Durability in All Tempuratures 70% lighter than other waterproof rubber and PVC boots. The seamless construction provides 100% waterproof protection. A flexible upper material stays supple in cold temperatures to make walking easier. Cleated outsole for good traction. Spits out debris for great traction outdoors. Tiny air bubbles trapped within the material keep feet warmer in the cold and cooler in the heat. Removable polyurethane, contoured insole completes the comfort experience. Ideal Applications: agriculture, lawn and garden, foul weather and other general purpose applications. Chemical Resistance: fats, certain acids, hydrocarbons, caustics and other chemicals. Style 21141 - 6/case
